Re: FESHM Chapters 5031.4 and 5033

Both of the chapters mentioned above were updated as follows:

5031.4 – Inspection and Testing of Relief Systems:

- Added information about inspection and testing of vacuum vessel relief devices.
- Updated inspection details for trapped volume relief devices.
- Changed Department/Section Head/Center (D/S/C) to Department Head/Section Head/Project Manager (D/S/P).

5033 – Vacuum Vessel Safety:

- Added information about testing and inspection of vacuum vessel relief devices.
- Changed Department/Section Head/Center (D/S/C) to Department Head/Section Head/Project Manager (D/S/P).

After Directorate approval, please return this approval page to Jody Federwitz at MS119 for posting on the web.
