Memorandum

March 14, 2016

To: File

From: Martha Michels

Subject: FRCM Chapter 6 – Training and Qualification

This change removes the special provisions for experimenters to make controlled access without having the requisite training that formerly appeared at Article 653.3. Henceforth no such accesses will be permitted.

This chapter was updated and reviewed by Subject Matter Experts. It did not go out for lab-wide review and does not require Directorate approval.
