Memorandum

May 31, 2012

To: File

From: Nancy Grossman NLG

Subject: **FESHM Chapter 5041 – Electrical Utilization Equipment Safety has been reviewed and updated by the author.**

The word "approved" has been removed as it related to Nationally Recognized Testing Labs. NRTLs do not approve equipment, they provide a listing for equipment. There were no significant changes. It did not go out for Lab-wide review, nor does it require Directorate approval.
