Memorandum

November 24, 2015

To: Timothy I. Meyer, COO

From: Martha Michels

Subject: FESHM Chapter 5031.7 – Membrane Cryostats

This chapter (along with the corresponding Technical Note and Technical Appendix) has been updated with the following changes:

- Modifications for the pressure test requirements to allow both, pneumatic and hydrostatic testing
- Modifications per Lab-wide review comments, including:
  - Grammatical improvements
  - Addressing potential spill due to piping penetrations below the liquid level
  - Listing all loads to the support structure

This chapter went out for lab-wide review and all comments were addressed. After Directorate approval, please return this approval page to Jody Federwitz at MS119 for posting on the web.
