

Revised April 2011

FROM: Nancy L. Grossman

SUBJECT: Instructions for Handling Off Site Calls on Environment, Safety, Health  
or Radiation Matters

If an off site caller has a question about a Fermilab environment, safety or health or radiation matter, direct their inquiry to the ES&H Section Head. Please do not give advice or opinions. The caller may interpret your remarks as official Fermilab information.

If the caller is concerned about an environment, safety, health or radiation matter which is not associated with Fermilab, you may refer the caller to the appropriate off site organization. The list on the reverse side of this memo should prove to be useful for this.

PROBLEM	ORGANIZATION	PHONE #
Environmental Hazards	IL Environmental Protection Agency, Chicago, IL <a href="http://www.epa.gov/aboutepa/region5.html">http://www.epa.gov/aboutepa/region5.html</a> <a href="http://www.epa.state.il.us/">http://www.epa.state.il.us/</a>	(800)621-8431
