## Memorandum

October 2, 2014

**To:** File

**From:** Martha Michels 

**Subject:** Updated FESHM Chapters 5031.2 – Inert Gas Trailer Connections, Use, and Onsite Filling

This FESHM Chapter has been updated by the Subject Matter Expert. There are two changes this document:

- Deleted the word Guideline from the Chapter title.
- Clarifications were made in Section 1.0, 8.0, 9.0.

There were no changes to technical content. This chapter did not go out for lab-wide review and does not require Directorate approval.
