## Memorandum

March 26, 2010

**To:** Bruce Chrisman  
**From:** Nancy Grossman   
**Subject:** Revised FESHM Chapter 7030 - Excavations

FESHM Chapter 7030 – Excavations - has been revised. Only one minor change was made to the chapter:

A statement was added clarifying that if the excavation is within 50 feet of beamline or beamline enclosure, the TM/CC cannot waive the JULIE process by certification of the area in question.

This chapter went out for Labwide review and all issues were addressed. After final approval, please return this approval page to Jody Federwitz at MS119 for posting on the web.
