

Memorandum

October 25, 2010

To: Bruce Chrisman
From: Nancy Grossman *Martha Mitchell for NCA*
Subject: Revised FESHM Chapter 9010 – Traffic Safety

FESHM Chapter 9010 – Traffic Safety has been revised. Only a minor change was made to the chapter itself, and a new appeals form was written:

- In the chapter, only the link to the Appeals Form was changed
- An appeals form was written for traffic appeals only versus using the generic Fermilab ES&H Concerns Reporting Form 1060.01. The Traffic Citation Appeals Form will better clarify the process for the appellant and will provide the appeals committee with more information regarding the appeal.

The traffic appeals form went out for Lab wide review and all issues were addressed. After final approval, please return this approval page to Jody Federwitz at MS119 for posting on the web.
