SUBJECT: ILLINOIS ENVIRONMENTAL PROTECTION AGENCY (IEPA) REPORT
OF ANNUAL INSPECTIONS FOR THE STORM WATER POLLUTION
PREVENTION PLAN (SWPPP), NPDES PERMIT IL0026123

Reference: Letter, Same Subject, B. Chrisman to M. Bollinger, October 7, 2010

Dear Mr. Weis,

Enclosed for your review is a draft letter to the IEPA regarding the attached subject inspection and report. As a condition of the Lab's National Pollutant Discharge Elimination System (NPDES) permit and SWPPP, we are required to submit an annual inspection report to the Agency. The report includes results of the annual facility inspection that is required by Special Condition 9, Part G of the NPDES Permit IL0026123. The report is required to be completed and signed by the authorized facility employees who conducted the inspection. The annual facility inspection is conducted to verify that all elements of the SWPPP, including the site map, potential pollutant sources, and structural and non-structural controls to reduce pollutants in industrial storm water discharges are accurate. Any observations that require a response and the appropriate response to the observation must be retained as part of the plan. Records documenting significant observations made during the site inspection must also be submitted to the Agency in accordance with the reporting requirements of the permit.

The report should be submitted to the address located at the top of the draft letter. If you have any questions regarding this report, please contact Katie Kosirog at ext. 6497.

Sincerely,

Bruce L. Chrisman
Chief Operating Officer
