

## New/Modified Air Pollution Emission Source

1.	Point of Contact	
2.	D/S/C	
3.	Department/Group	
4.	Date	

5.  NEW  EXISTING - modification

6.	Source Name	
7.	Equipment Type	
8.	Location	
9.	Expected Construction or Modification	Date <input type="text"/>

10.	Manufacturer/Make Model	
11.	Capacity/ Size	
12.	Fuel/Material Used	
13.	Air Pollution Control Equipment	

14. Permit Required?  YES  NO

Exemption Citation: 351AC146.

15. Additional information:

Air Emissions Control Program  
Rev. 4/2012

1	Name of individual(s) responsible for equipment
2	Division, Section or Center that owns the equipment
3	Department or Group name of equipment owner
4	Date the form is submitted
5	New = equipment TO BE purchased/acquired; Existing-modification = equipment currently owned by FNAL that will be modified/overhauled/reconfigured/etc.
6	Equipment name (e.g. CUB Boiler)
7	Type of emission source (e.g. boiler, back-up power generator, degreaser, etc.)
8	Describe where the equipment will be installed or is installed
9	Date of planned installation/modification
11	Capacity or size (e.g. 12.247 mmBTU/hr or 2500 kW, etc.)
12	Describe fuel or material used (e.g. natural gas, diesel fuel or Safety Kleen, etc.)
13	Describe pollution control equipment (e.g. Flue gas recirculation, etc.)
14	If permit is required choose YES. If not, choose NO and include the citation for the exemption from 35 IAC 146.
15	Include any additional information or comments, such as FNAL Property Numbers or Serial Numbers
