

ESH&Q Frequently Asked Questions: Dosimetry Badges

FAQ	Response	Contacts
How do I obtain a dosimetry badge?	Temporary dosimetry badges are issued from the Communications Center (WH Ground Floor). If you will be needing a permanent badge, you must complete a Permanent Dosimetry Badge Service Request Form (RP #1). Most Area Radiation Safety Officers have a copy of this form. Additional information about the personnel dosimetry program can be found in FRCM Chapter 5 .	Michael Vincent Kathy Graden ES&H Admin.
How do I get a form to apply for permanent dosimetry badge service?	Alternatively, you can obtain a Permanent Dosimetry Badge Service Request form from the Dosimetry Program Office on WH7E, by calling X8386 or sending an email message to dosimetry@fnal.gov.	Michael Vincent Kathy Graden ES&H Admin.
How do I report a lost dosimetry badge?	Lost dosimetry badges should be immediately reported to your Area Radiation Safety Officer. They may also be reported to the Dosimetry Program Manager by calling x8386.	Michael Vincent Kathy Graden ES&H Admin.
How do I know if I need a dosimetry badge?	The requirements for badge service are in FRCM Chapter 5 . In summary, if you will be entering a radiological area (not a Controlled Area), you need a badge. If you are not a trained radiological worker, you MUST be continuously escorted.	Michael Vincent Kathy Graden ES&H Admin.
Where should dosimetry badges be dropped off?	Dosimetry badges (temporary and permanent) must be returned at the end of the quarter. They can be placed on the badge rack in the area or mailed directly to the Dosimetry Program Office at MS 119.	Michael Vincent Kathy Graden ES&H Admin.
