Re: FESHM 1080 – Environment, Safety and Health (ES&H) Requirements for Experimenters

This chapter has been updated as detailed below and sent for labwide review:

FESHM 1080 – Environment, Safety and Health (ES&H) Requirements for Experimenters

- Added that chapter applies to leased spaces as well
Removed references to Procedure for Experimenters, incorporated the language for spokespersons from the PFX into this chapter.
Removed the WDRS procedure for onboarding. WDRS maintains this procedure.
Add line about under the age of 18 and restrictions, referred to FESHM 1010
Updated User and POC definitions to be consistent with the Policy on Access to Fermilab
Added language to reference TSW and ORC process for resource request and process review prior to operations

All comments received during the review period have been addressed by Subject Matter Experts and the updated chapter is ready for approval and release.

The chapter has been sent to you and Lisa Vega electronically. If a paper copy is required, you may either print one out or contact Lisa and she will provide one to you. After Directorate approval, please return this approval page to Kristy Gibson at MS119 for posting.
