Memorandum

November 15, 2012

To: File

From: Nancy Grossman 

Subject: FESHM Chapter 5022– Below-The-Hook Lifting Devices

The above FESHM Chapter has been updated to include the new FESHM template and the lifting device groups were updated per ASME B30.20. There were no technical changes to the document, only administrative.

This chapter did not go out for lab-wide review and does not require Directorate approval.
