

Memorandum

March 22, 2016

To: Timothy I. Meyer, COO
From: Martha Michels *MM*
Subject: Two FESHM Chapters – Updated and Posted

FESHM Chapter 5034 – Pressure Testing (and its associated form) has been updated as follows:

- Added ES&H training requirements for personnel participating in pressure testing
- Created process by which a Division Safety Officer may designate an alternate reviewer prior to a pressure test
- Created process by which a Division Safety Officer may designate an alternate observer for a pressure test
- Added reference to FESHM chapter 4240 on oxygen deficiency hazards in list of safety precautions for pressure test

FESHM Chapter 5031.1 – Piping Systems has been updated to include a low stress piping category.

Both chapters went out for lab-wide review and all comments were addressed. After Directorate approval, please return this approval page to Jody Federwitz at MS119 for posting on the web.
