Re: FESHM Chapter 9100 – Fermilab Electrical Safety Program

The chapter mentioned above was updated as follows:

- Replaced 100 μ A reference in section 5.0 with 5 mA to be consistent with Work Smart Set standards.
- Changed D/S/C to D/S/P in multiple locations
- Added reference to LOTO 1 and Electrical Safety Orientation in section 4
- Replaced compensatory measures for daisy-chained extension cords in the TA with a prohibition.
- Clarified the application of daisy-chain prohibition with regard to multiple outlet assemblies.

After Directorate approval, please return this approval page to T.J. Sarlina at MS119 for posting on the web.
