Re: FESHM 9160 – Low Voltage, High Current Power Distribution Systems

This chapter has been updated as detailed below and sent for lab wide review:

FESHM 1060 – Low Voltage, High Current Power Distribution Systems

- Updated document format to match current template
- Added note on personnel thresholds to definitions

All comments received during the review period have been addressed by Subject Matter Experts and the updated chapter is ready for approval and release.

The chapter has been sent to you and Lisa Vega electronically. If a paper copy is required, you may either print one out or contact Lisa and she will provide one to you. After Directorate approval, please return this approval page to Kristy Gibson at MS119 for posting.

Recommended for Approval:

Katherine L. Gregory, Chief Operating Officer

Approved:

Nigel S. Lockyer, Director of Fermilab
