Memorandum

December 19, 2011

To: File

From: Nancy Grossman 

Subject: FESHM Chapter 5310 – Preventive and Occupational Medicine

Two FESHM chapters, 5320 and 5330, were incorporated into FESHM 5310 in August, 2011. We have updated the Revision History to better reflect how they were merged. There was also a typo in one of the chapter numbers that has been corrected. The content of the chapter has not changed.
