This chapter has been updated as detailed below and sent for labwide review:

FRCM 9 – Special Circumstances

- Restated portions of Article 962 to clarify that its provisions are applicable to all personnel at Fermilab.
- Verified that any references, if any, to Fermilab’s central ES&H organization refer to it as the “ES&H Section” following the reorganization of February 1, 2019.

All comments received during the review period have been addressed by Subject Matter Experts and the updated chapter is ready for approval and release.

The chapter has been sent to you and Lisa Vega electronically. If a paper copy is required, you may either print one out or contact Lisa and she will provide one to you. After Directorate approval, please return this approval page to Kristy Gibson at MS119 for posting.
