

## Memorandum

April 26, 2010

**To:** Bruce Chrisman  
**From:** Nancy Grossman   
**Subject:** Revised FESHM Chapters

***FESHM Chapter 5063*** – Confined Spaces – has been revised. Changes include:

1. Reviewed and updated as part of the required 5-yr document control review process found in Control of Environment, Safety & Health Documents FESHM 1051. This included the standard new footer.
2. Updated the Definitions of a Construction Coordinator, Task Manager and Service Coordinator.
3. Added language about the Refresher Training requirement every three years.
4. Removed the Database Entry form from the chapter.

***FESHM Chapter 5065*** – Temperature Extremes – has been revised. Changes include:

1. Reviewed and updated as part of the required 5-yr document control review process found in Control of Environment, Safety & Health Documents FESHM 1051.
2. Updated and revised reference tables to match the 2005 American Conference of Governmental Industrial Hygienists Threshold Limit Values per the requirements found in DOE's Worker Safety and Health Standard CFR 851.

***FESHM Chapter 5071*** – Environmental Biological Hazards at Fermilab – has been revised. Changes include:

1. Reviewed and updated as part of the required 5-yr document control review process found in Control of Environment, Safety & Health Documents FESHM 1051. This included the standard new footer.
2. Removed the statement of Coliform Bacteria in village Oxidation Pond. The Pond in the village no longer exists.

These chapters went out for Labwide review and all issues were addressed. After final approval, please return this approval page to Jody Federwitz at MS119 for posting on the web.
