Memorandum

September 6, 2011

To: File
From: Nancy Grossman 
Subject: FESHM Chapter 5084 – Ergonomics Program

The above FESHM Chapter has been reviewed by the author. The information in these chapters is still current; the only change was adding direction on obtaining additional ergonomic information through training or division ergonomic representatives. This chapter has also been updated with the new format. This chapter did not go out for lab-wide review and does not require Directorate approval.
