Dear Sir/Madam:

SUBJECT: ANNUAL REPORT FOR PERMIT NUMBER 2009-EE-2646, PRETREATMENT SYSTEM FOR METAL FINISHING RinSEWATERS – TRIBUTARY TO THE CITY OF BATAVIA WASTEWATER TREATMENT PLANT

Reference: Permit No. 2009-EE-2646: "U.S. Department of Energy-Fermi National Accelerator Laboratory (Fermilab) – Pretreatment System for Metal Finishing Rinsewaters – Tributary to the City of Batavia Wastewater Treatment Plant," dated September 18, 2009

Under Special Condition 4 of Permit Number 2009-EE-2646, Fermilab is required to conduct semi-annual sampling and annual reporting regarding the discharges associated with the Technical Division's Integrated Cavity Processing Apparatus (ICPA) in Industrial Building 4. Currently, the ICPA is still in the construction phase and has not generated any wastewaters covered by the above-referenced permit. Therefore, there are no test results to submit for annual reporting requirements.

This letter serves as the annual reporting required by Special Condition 4 of the permit. If you have any questions, please contact Rick Hersemann, of my staff, at (630) 840-4122.

Sincerely,

Michael J. Weis
Site Manager
